Mission

Medical Tourism in India

India has a vast health care system, but there remain many differences in quality between rural and urban areas as well as between public and private health care. Despite this, India is a popular destination for medical tourists, given the relatively low costs and high quality of its private hospitals. In fact, the medical tourism index (MTI) rates India to be amongst the top five nations for the quality of medical treatments that it offers.

Advantages of medical treatment in India include reduced costs, availability of latest medical technologies, compliance on international quality standards and highly skilled doctors. Within India, Delhi, Chennai, Kolkata, Mumbai, Bengaluru & Hyderabad are the most efficient cities for medical treatment in India. It offers a vast range of top-class medical facilities and has several multi-specialty and super-specialty hospitals. Nowadays, more and more patients are coming to India for Medical Treatment and avail the benefits of getting cured.

Patients from Bangladesh to India

Patients are very much happy to taking treatments from Indian Hospitals they have been visiting India for the treatment since last two decade and all types of treatment in India, cost you less than in other countries. The India is neighborhood country of Bangladesh and travelling to here very easy via road and short distance flight from Bangladesh. Apart from excellent medical care, patients of Bangladesh are drawn to India because of parallels in food, language, cost-effective treatment and cultural comfort.
